

LORCANO TABLE

The Locarno Table's elegant form unites modernism with the organic. The marble table top is cut to reflect the stones that move and resettle with every passing of the tide. The steel tripod base is made of three unique legs of different diameters, conceptually representing random sticks found on the beach.

All the materials are sourced in Canada and each table is hand assembled and finished in Vancouver.

DIMENSIONS

21" H x 18" DIAMTER

MARBLE TOP

FOG GREY
WHITE MAX

BASE FINISH

BRASS PLATE
PATINA BRONZE STEEL
POLISHED STEEL
